

## **Legal Assistance List For Special Education Due Process Disputes**

This legal assistance list is intended to comply with Washington Administrative Code (WAC) 392-172A-05080(3)(a). This list is divided into three parts. The first part is a list of free or low cost legal service providers. Free or low cost legal service providers have eligibility criteria which you must meet in order to be accepted as a client. The second part is a list of public (not for profit) organizations that assist parents but are not legal service providers. The third part is a list of attorneys who have experience and/or interest in special education. Each attorney has their own fee schedule. Some attorneys have indicated a willingness to reduce their hourly rate on a case-by-case basis at their discretion. The state and local bar associations may also maintain lawyer referral service lists by specialty areas, including education law.

These persons and organizations have requested their names be placed on this list. They are not screened by the Office of Superintendent of Public Instruction (OSPI) or the Office of Administrative Hearings (OAH). Only active members of the Washington State Bar Association, and others as authorized by law, may practice law in Washington. **This list is not a recommendation or endorsement for any particular service provider. To review the current bar status of any attorney on this list, go to [www.wsba.org](http://www.wsba.org), to view the Lawyer Directory. It is your responsibility to check with the state bar association to ensure that any attorney is a member in good standing.**
